Versatile technical **translator** with experience in **project management, hospitality** and **customer service** who is passionate about **tech efficiency** and **digitalisation**.

A resourceful and highly motivated individual, with strong **storytelling, communication** and **organization** skills.

Customer-centric, compassionate and **solution-oriented**, both critically and creatively, excelling in tailored customer support.

WORK EXPERIENCE

HOSPITALITY INDUSTRY

ASSISTANT RESERVATIONS MANAGER

MHL Hotel Collection | Oct 2024 - Present

- Oversaw the Reservations business (€10M+) for a portfolio of six properties (1000+ rooms), managing a team of 11.
- Managing client accounts through Rate Code Configuration across multiple platforms e.g. Opera, SiteMinder, Booking.com, Expedia.
- Facilitating client onboarding to Global Distribution Systems enabling self-service bookings.
- Maintaining room allocations using real-time forecasts and overbooking strategies to maximize occupancy and revenue.
- Identifying training needs, creating and updating training resources, and coordinating effective upskilling of the team.

RESERVATIONS EXECUTIVE & GROUP RESERVATIONS SUPERVISOR

Grafton & Chancery | May 2023 - Oct 2024

ORACLE - OPERA CLOUD INTEGRATION

- Created meaningful relationships with customers by providing tailored and empathetic support throughout the reservation process, troubleshooting any tricky scenario that may arise, and resulting in delighted customers.
- Provided 100+ customised proposals for corporate and leisure group clients - demonstrating resourcefulness, proficiency in B2B negotiation and adaptability to evolving requirements.
- Conducted daily data-driven analytics and reporting, including preparation of Pick-up and Pace Reports, to identify new challenges and trends and developed critical lines of action to address them.
- Managed 50+ client accounts (through Rate Code Configuration) across multiple platforms e.g. *Oracle, Booking.com, SynXis*.
- Oversaw the Group Reservations business (+€2M) for two properties (278 rooms), managing a team of 2, from scratch to post-evaluation: negotiation, contracting, invoicing, payments and cancellations.
- Championed and implemented features for efficiency and reliability of OTA third-party integrations and reported directly to Commercial Director, resolving time-sensitive client issues resulting in direct boost in revenue.
- Represented both hotels in external events, conferences and fairs, developing commercial connections and generating sales leads.

FREELANCE CONSULTANT & TRANSLATOR

PROJECT COORDINATION

Aug 2019 - Aug 2022

PROJECT COORDINATION [AGILE METHODOLOGY]

- Enhanced my entrepreneurial and managerial skills through involvement in the conception, development, and translation of transnational e-Learning initiatives, concurrently overseeing a parallel client base.
- Partnered with 40+ EU organisations and institutions *'to develop, transfer and/or implement innovative practices at organisational, local, regional, national and European levels.'*
- Held comprehensive oversight over concurrent projects, ensuring they met predetermined metrics and objectives, whilst continuously evaluating and improving collaborations.
- Developed a deep understanding of Project Management and associated methodologies.
- Successfully coordinated 6 projects simultaneously.

TECHNICAL TRANSLATOR

Aug 2019 - Aug 2022

CAT TOOLS - SDL TRADOS

- Helped 50+ businesses and individuals to reach wider audiences for their products that included legal documents, website content, news articles, and corporate reports.
- Focused on technical translation, working hand in hand with key players of social change at the European level.
- Won and contributed to 8 transnational projects.
- Partnered with 40+ organisations operating internationally.
- Broadened my skill-set to include coordination of multilingual translation projects across 5 countries.
- Work completed was both fiscally and socially impactful.

CUSTOMER SERVICE & TECHNICAL SUPPORT

PROJECT COORDINATION

Aug 2019 - Aug 2022

PARKING MANAGEMENT SYSTEMS - EQUINSA, SKIDATA

- Remotely managed operations across 60+ car parks nationwide, utilising diverse operating systems and varied communication channels.
- *Considered everything* and demonstrated strong multitasking abilities for competing priorities and swiftly resolved technical issues in a high-demanding environment.
- Quickly mastered infrastructure management solution for continued maintenance and functioning.
- Proficiency in time-sensitive problem-solving for real-time incident-response.

- Cats 🐱

Some of the initiatives in which I *gave back* are:

- Worked towards woman empowerment and gender equality in disadvantageous contexts. 📄
- Participated in award-winning projects with both fiscal, resulting in further funding, and societal, aiding children at risk, impact. 📄 📄
- Volunteered with Red Cross to provide English education to communities in need in Ceuta.
- Volunteered with a soup kitchen developing accessible content for wider reach to all communities in need.

- Tech-Savvy
- Team work
- Spreading empathy
